

I am writing in support of K-LOVE radio in the Denver Colorado area. I listen to K-LOVE every day and it is a source of inspiration to me. I DO NOT want another LPFM station to take away my K-LOVE. I listen to it because I do not need to worry that my children will hear cursing and pornographic talk and the music is uplifting and clean as well. I know many people around me who feel the same and to lose K-LOVE in the Denver area would have a negative impact on Denver public radio.
